Heikes -- Huntsville -- Trees.

BULLETIN NO. 3

SURPLUS STOCK

—FROM—

The Huntsville Wholesale Nurseries.

HUNTSVILLE, ALA.

Shipments from St. Louis, Mo.,

—AT—

ONE DAY'S NOTICE

WE have for the past twenty-eight years offered in assorted lots in St. Louis in Spring such stock as we had in surplus. Herein is a schedule of what we now have in St. Louis for immediate shipment. The stock is exclusively of our own growing at Huntsville, Alabama, fresh dug this Spring, packed in the best manner and warranted in fine condition. Everything is fine of the grade, with full fibrous roots, and not culled, as we adhere to a strict system of grading.

BELOW THE BLIZZARD LINE.

Everything is bright, green and fresh—sound to the tips. Nearly all the sorts offered are standard sorts, such as most nurserymen can use in assortment with their own growing. Orders should be sent in as soon as possible, but the stock need not be shipped until wanted, as we are prepared to hold it in good condition. We have nothing for sale not offered in this list.

It will be noticed by some of our correspondents that we have refused orders the past season for several articles listed. Our fear of overselling and some countermands are responsible for this. We ask attention to the small-sized trees offered for transplanting into nursery rows. All of the small trees, as well as the large ones, are nicely rooted, and everything is young, smooth and bright.

We can refer to nurserymen who have bought of us in every State and Territory. We can give satisfaction, and guarantee it for these shipments.

TERMS: Cash with order, or 30 to 60 days from date of shipment to responsible, prompt-paying parties. In box lots the price of boxes is included, but the price of boxes on orders from the nurseries is extra.

For convenience in telegraphing a cipher is given. The cipher word stands for one box only in cases where there are more than one in the same assortment.

Address **W. F. HEIKES, Manager,**
Huntsville, Ala.

Huntsville, Ala., March 25, 1908.

Heikes==Huntsville==Trees.

Address W. F. HEIKES, Manager, Huntsville, Ala. We will not have a representative in St. Louis this Spring. All letters and telegrams should be addressed to W. F. Heikes, Manager, Huntsville, Ala. We have arranged with the Cold Storage House in St. Louis where our stock is stored to ship promptly everything upon our orders, which we will make by telegraph when quick shipments are desired.

Use the Nurserymen's Telegraphic Code in telegraphing. Any one not in possession of a copy will be supplied upon application.

ASSORTED LOTS

We offer the following assortments in box lots at low prices to insure quick sales. We will not open or repack anything. The stock is of the same quality as that sent out by us heretofore. Each box contains an assortment as shown. In ordering one or more boxes, should the particular lot desired be sold, state what substitution will be allowed. The prices quoted include the cost of boxes and freight from Huntsville to St. Louis. When the post-office address and the railroad station differ, always give explicit marks for the boxes when writing.

PERFECT DORMANT CONDITION

Our stock is in perfect dormant condition, and we are prepared to keep it so until the end of the season, as everything is now in cold storage.

INSPECTOR'S CERTIFICATE

Our card with Inspector's Certificate is placed on all boxes and packages. Any one ordering from a State where more than this is required should inform us in ample time to comply with the law. Should any one desire this card removed before shipping, it should be stated in the order.

FREQUENT BULLETINS

We shall issue Bulletins weekly from Huntsville during March and April. Any one failing to receive them regularly will please write for copies.

FREEZING WEATHER

There is always more or less danger of trees being caught en route in freezing weather in Spring. We pack in such a manner that should the contents of the boxes freeze solid on the way to our customers the trees will receive no injury if the frost is allowed time to come out before the trees are removed from the boxes. The trees should be taken from the boxes as soon as frost is out, or should there be no frost in the boxes when received, the trees should be removed from the boxes immediately upon arrival. We practice in this respect what the experience of many years has taught us. If our customers will follow these rules and notify us of the condition of the trees at once when taken from the boxes we will guarantee good condition. Notice should be sent to us at once by telegraph, at our expense, if there is any cause of complaint or should the trees be refused, stating reasons. The trees will be considered accepted if removed from the boxes in which they are packed.

TERMS AND CONDITIONS

For further terms and conditions concerning risk of transportation, claims, etc., see our regular Price List

Cherry Trees--Transplanting Terms.

We have a larger proportion of the smaller grades in our two-year cherries this year than usual. We propose to sell the $\frac{1}{2}$ to 9-16, 3 to 4 feet and 2 to 3 feet, on transplanting terms. Payable May 15th, 1908, or if preferred a note will be accepted bearing same date as the invoice payable May 15th, 1909, with interest at 7 per cent added from May 15th, 1908, to May 15th, 1909. These trees are finely rooted, smooth and nice for their size. On good soil they should make handsome trees for retailing in one season's growth. Cherry trees will be scarcer next year than this. The crop in the neighborhood of Huntsville will be less than for many years and the nurseryman who has some cherry trees growing in his nursery will have something on hand on a par with gold.

Trees in Cellars at Huntsville.

The trees offered in the following lists are in cellars at Huntsville and are all in good condition. We will accept orders for these at the prices quoted f. o. b. Huntsville. Boxing extra. Our cellars are cool and this stock is carefully packed in "Shingle Tow" and can be held in good condition until the 1st to 15th of April, although by that time growth may be started to some extent.

Our Card with Inspector's Certificate is placed on all boxes and packages.

For 100 rates add 1 cent each; for 10 rates add 2½ cents each to the 100 rates.

PEACH TREES--On Peach. Leading Varieties.

Our peach trees are budded on seedlings grown from Tennessee and Alabama natural pits. They are free from Aphis, Root-knot and Crown-Gall. We can supply beautiful large, medium and small-sized trees. The land upon which our peach trees are grown produces a well-matured tree, with fine fibrous roots. The San Jose Scale, Yellows and Rosette are unknown in this section and we have been careful not to bring in any buds from affected localities.

Offerings for Fall of 1908 and Spring of 1909.

We will have our usual large stock of Pears, Plums, Cherries, Peaches, Roses and Grafted Pecans for sale for the Fall of 1908 and Spring of 1909.

Nurserymen who operate through agents or who buy to sell at wholesale will profit by corresponding with us now. We will make prices upon a basis that will be mutually advantageous. We are willing to share profits and are likely to be more liberal early in the season than later.

While our stock in everything we grow is large, it is especially so in Kieffer, assorted Pears, one and two years, one year and June Budded Peaches.

We do not buy to sell again, so you need have no fear of getting heeled in stock, and you can depend upon getting trees fresh dug and of standard grades.

The indications are that the coming year will be one of continued prosperity for nurserymen. Those who have bought of us heretofore will do so again with the assurance that our stock will give perfect satisfaction to their customers on delivery.

We believe we have the best organized force of laborers in the United States. Most of our men have been with us for many years. Because of this advantage we are enabled to do an extensive business with more exactness and expedition than many concerns which have a far smaller production.
